

INTRODUCTION

.....We hereby introduce ourselves as a well-established cladding company operating our wings all over GCC and India. Since to inception in 1999, Edgetech grown to become one of the great players in Aluminium Composite Panel Cladding, glass glazing and designing with effective team in all the manners of work with project manegement, designers and manpower.

Our continuing success come about through our ability to change and this skill has never been more important than it is today. Not only are new advancement appearing everyday, but markets, distribution channels as well as competition are changing all the time.

We are constantly working towards more advanced development and state-of-the-art technology with the promise of an even brighter future, a future that will provide greater opportunities and more rewards for our global associates, while providing a better service to our customers.....

Yours Sincerely,

MANAGING DIRECTOR
